

# Tanishk Tripathi

Seeking opportunity in field of computer science to enhance my knowledge and growth and to add value to the dynamics of the organization.

## Experience

Sep 2020–Oct 2020

Machine Learning • Intern • Tequed Labs

## Education

- **B.E (2017-2021)**  
**CGPA - 7.12**  
Computer Science Engineering  
Dayananda Sagar Academy of Technology and Management,  
Bangalore
- **XII<sup>TH</sup> (2016-2017)**  
**CBSE**  
Shree Sanatan Dharm Education Center, Kanpur
- **X<sup>TH</sup> (2014-2015)**  
**CBSE**  
Shree Sanatan Dharm Education Center, Kanpur

## Projects

- **Android Application(GuessTheFlagQuiz)**  
Github: <https://github.com/tanishq47/GuessTheFlagQuiz>  
The Project was built using "Android Studio" and "Kotlin" .User is asked to guess the "Flag" of a country displayed onto the screen and after all the questions a Congratulations message is displayed along with the score.
- **Android Application (AgeInMinutes)**  
Github: <https://github.com/tanishq47/AgeInMinutes>  
This Project was built on Android Studio with Kotlin programming Language.  
The application asks for the birth date as input and then displays the number of minutes a person has lived onto the screen..
- **University Fest Registration Portal**  
This was a joint effort project developed by me and my colleague Uddipta Suruj Rabha in the V<sup>th</sup> Semester. This is an online fest help desk for student related queries and registrations.
